

NanoTek

ISO 3-4 (Class 1-10)

Valutek Cleanroom Sticky Notepads

Valutek's cleanroom sticky notepads are manufactured with synthetic polymer-impregnated paper featuring removable, residue-free adhesive backing.

These specially coated notepad papers have low fiber and particle generation. The water-based adhesive backing contains no organic solvents, addressing environmental hazard concerns. Individually packed in a cleanroom.

All Valutek cleanroom notepads are tested and manufactured in ISO-compliant facilities under Valutek's inspection and strict process control to ensure compliance with Valutek's quality standards and product specifications.

Part Number: VTNPCR

Features

- Synthetic polymer impregnated paper with removable, residue-free adhesive backing
- Sealed in poly bags for maximum cleanliness

Application

As part of the **Valutek Nanotek product family**, the notepads are commonly used for note taking, reminders and document annotation in a cleanroom **Class 1-10 (ISO 3-4)** critical environment.

Packaging

- Critical environment compatible.
- All cleanroom papers are fully part number and lot number traceable.
